(West off Merivale Rd., 3 blocks South of Hunt Club Rd.)

With more people spending time at home entertaining friends and family, we can't think of anything better than socializing, playing games, sharing good food and enjoying great wine from **Vinbella Winery**. The wine you make, which takes just two visits, is far less expensive than store bought wine without sacrificing taste or quality. Start your very own wine cellar reserve or create the perfect wedding wine.

Choose from many different wine selections with numerous varieties of red, white, and rose wines. One **Vinbella** difference is that all wines are made from **100% pure varietal juices, never from concentrate**. Grapes are imported from the best growing regions from around the world, crushed and pressed for **Vinbella Winery** customers to make wine at home or on-premises at the store.

It takes you just a few minutes to mix the juice to make twenty six 750ml bottles of great wine. Then, for about 6 weeks, owner **Iain Macfarlane** and the **Vinbella Winery** staff will monitor and tend to your wine until the fermentation cycle is complete. On your second visit, you will come back to **Vinbella Winery** (for about 30 minutes) to bottle and cork your wine using the latest in easy-to-use equipment. Plus, you can choose from a large selection of custom wine labels and shrink wraps to make your finished wine look as great as it tastes. All wine is 100% guaranteed.

A **popular alternative** to bottling at **Vinbella Winery** is to have the staff transfer your finished wine into a boxed airtight **wine bag** with convenient tap—ready to serve. Choose from four 5 litre wine bags or one 20 litre wine bag, eliminating the need for washing, storing and handling of bottles.

Vinbella Winery was founded in 1992, and came under current ownership in June 2008.
